#### ● **REAL TIME TRACKING**

Know the location of your package at any-time with our live tracking system.

#### ● **TRANSPARENT PRICING**

Spend your money efficiently with our transparent pricing system.

## MISSION

EC cargo stands for the "mission to make cargo easy" At times people often find it difficult to send their belongings through cargo safe and secure. Our mission is to connect people through our delivery network. So they can send their packages easily across the globe. We are trusted cargo providers, and our number one priority and focus is customer satisfaction.

## VISION

We provide you with the fastest and reliable cargo services. We connect the world together by making cargo easy. We will continue on this path to become a company which have most satisfied customers globally. We intend to become a company which have the most satisfied customers in the world.

### AIR FREIGHT

Although it's a bit expensive, air cargo services are the most fast and dependable method of transportation. The express shipping options of air freight make it a valuable option for coordinating time sensitive shipments to almost anywhere in the world. This can be particularly advantageous for time bound shippings. EC cargo offer customised services according to the specific needs and requirements of our customers.

### SEA FREIGHT

Ocean freight is far and away one of the the most popular option for shipping goods internationally. It is also one of the oldest methods. Our sea cargo network is economical and flexible.

### ROAD FREIGHT

Road transport is most effective when it comes to transferring goods between nearby cities and towns. We offer much more than trucks and trailers. You can avail our services according to your needs. Our experts coordinate with you to assess the correct vehicles and routes for your specific transportation needs. Our Door-to-Door cargo delivery is the best.

## SHIFTING AND MOVING

Shifting and moving can be very stressful if you don't have a trusted service provider to support you. We provide best relocation services whether it is household shifting or office shifting. Our team have all the resources and expertise to plan all aspects of packing and moving.

## SUPPLY CHAIN

Supply chain solutions are an essential link between the production and delivery of the product or service to the customer. An efficient and smooth supply chain solution will help your business meet your customer demands effectively. Our logistics experts will provide you with the best supply chain solutions according to your needs and requirements.

## WAREHOUSING MANAGEMENT

Our well organised warehouse storages ensure safety and security of the goods. The warehouses are situated at key locations, also our exclusive network can pack, store and distribute consignments anywhere you need.
